'The counter-culture is such a broad and diverse phenomenon that writing about it is like herding cats, but this is what Jon Savage is good at and the book would be worth buying just for his essay...' - Robert Irwin, Times Literary Supplement, 30th September 2016 --Robert Irwin, Times Literary Supplement, 30th September 2016

The writing and cornucopia of images are simply outstanding --Design Curial.com Présentation de l'éditeur
The late 1960s were a period of great turbulence and rapid social and political change. You Say You Want a Revolution? examines that moment when youth culture drove an optimistic idealism, motivating people to come together and question established power structures across every area of society. It shows how many of the issues that dominate contemporary discourse - environmentalism, globalization, individualism or mass-communication - have roots that can be traced back to the 1960s. 1960s design culture culminated in an orgy of colour and form: a sensorial overload of Barbarella-style inflatables, plush Verner Panton playrooms and high-tech 2001: Space Odyssey furniture systems. Here, essays on music, politics, the counter-culture, social living, mind-altering experiences, festivals and more chart revolutions across media and culture, illustrated throughout with some of the most iconic images of the time - including the records that provided both the soundtrack and the key means of identification. The idealism of the period informed such disparate phenomena as the high-tech innovations of Silicon Valley and the environmental movement. Half a century later, we can reassess the genesis of these movements and explore whether the revolutions they started can be considered complete, ongoing or interrupted. Published to accompany the V&A's major autumn exhibition, You Say You Want a Revolution: Records & Rebels 1966-70, 10 September 2016 - 26 February 2017 Biographie de l'auteur

Victoria Broackes is a Curator and the Head of Exhibitions for the Department of Theatre and Performance at the V&A. Geoffrey Marsh is the Director of the Department of Theatre of Performance at the V&A. They have previously produced a number of successful touring exhibitions including the immensely popular David Bowie Is.
