Jutaku japanese houses

Naomi Pollock

Jutaku japanese houses Naomi Pollock

Quirky, surprising and entertaining - with more than 400 houses, Jutaku is architecture at the speed of Japan. Frenetic. Pulsating. Disorienting. Japan's contemporary culture is constantly in flux. In stark contrast to the centuries old imperial architecture of Kyoto, recent Japanese architectural practices have ushered in an era of continuous experimentation. With 500 houses, one house per page, one image per house, Jutaku: Japanese Houses is a fast-paced, "quick hit" shock to the system that shines a Harajuku-bright neon light on the sheer volume, variety and novelty of contemporary Japanese residential architecture. Featuring the work of many of Japan's most famous architects including Shigeru Ban, Sou Fujimoto, Toyo Ito, Kengo Kuma, Jun Igarishi, Shuhei Endo and dozens of up and coming and completely unknown young architects, Jutaku is organized geographically taking readers on a bullet train journey across Japan's architectural landscape. Essential reading for architects, designers and fans of contemporary Japanese culture.
